Dear Crumpler & Associates:

We are in receipt of your correspondence dated September 23, 2002. We appreciate your response however; it was not responsive to our requests.

You explained that you do not keep a time ledger. Since you cannot account for the time that you spent on our son's case, can you at least provide some type of statement outlining what you did do?

Also for the fourth time, we are requesting a copy of the contract. Thank you for your cooperation.

Sincerely,

Ronnie Lee Kimble
