

Judy Stump called again at 10:10 a.m. 7/2/98

She says you know about subpoena that James received. James is very concerned about doing the right thing so called and talked to John Sellars at D.A.'s office. John told him he had to be in court on July 15. James asked who all else was subpoenaed and John told him he had seven pages of people.

If you want to talk to Judy, call today since she will be out of town all of next week.
