

Mike Ingold called 10/6/97 - 8:05 a.m.

He found Melissa Williford. She is kind of a "double-edged sword." She is positive she saw Kim at the Winn-Dixie at 7 p.m. October 9th. She doesn't remember if she saw Ronnie with her this time. The reason is because for a 3 day period of time, the day before, the day of and the day after, she saw Kim at the Winn-Dixie. Two times she saw Ronnie with her.

She specifically remembers October 9 because the way she goes home she has to drive by Ted's house and saw all the fire equipment there.
